SUMMARY

Software Developer with over 1 year of experience in developing and testing web applications. Skilled in technologies like HTML, CSS, JavaScript, Tailwind CSS, Bootstrap, AJAX, React.js, and Node.js. Proficient in the MERN stack, including MongoDB, Express.js, React, and Node.js. Experienced with SEO, cPanel, VPS hosting, PugJS, and using WhatsApp bots. Passionate about creating innovative solutions and eager to learn new technologies to excel in the field.

SKILLS

Programming Languages: C++, JavaScript, C#, Python

Web Technologies: React.js, Node.js, Express.js, HTML, CSS, Pug.js

CSS Frameworks: Tailwind, Bootstrap

APIs: Fetch, Whatsapp Bot, Map Box

PROJECTS

Darbar-e-Sabria

August 2023 - Present

- Collaborated on the design and development of a dynamic website for darbaresabria.org using HTML, CSS, JavaScript, Node.js, and Express.js, with integration of the Google Drive API and other developer modules. Assisted in building a system that allows clients to manage media content independently, including adding, updating, and deleting content on the Pictures, Videos, and Announcements pages, improving user experience and streamlining content management.
- URL: darbaresabria.org

BCN Kebab,

June 2024 - Present

- Collaborated on the development of a fully responsive, dynamic website for BCN Kebab, a kebab restaurant in **Barcelona, Spain**. The site showcases a clean, modern design that highlights the restaurant's signature dishes and provides easy navigation. Assisted in integrating an online ordering system for customer convenience, enhancing the restaurant's online presence and user engagement across all devices. URL: bcnkebab.com

Signup/Login Backend Module

August 2024 - Present

- Designed and implemented a robust authentication system, ensuring secure user management through hashed and salted passwords. The system includes a code verification module to authenticate accounts, enhancing security and reliability. This backend framework supports seamless user interactions, providing a smooth and responsive experience across the platform.

EDUCATION

Bachelor of Science in Computer Sciences
